OK, don't forget that Matt Martin should also be included in your preliminary discussions as you prep for Tom.

Looks like 11/23 is a possibility, but that means we need materials to him by Nov. 19 cob – is that ok?

That date works for me and reflects the urgency of this issue.

Good to know. I know managers are out 3 days next week so I don't know if you will be ready by the 20th. Should we try for November 23?

Jackie

Based on what I've seen so far, a meeting with Tom would seem to be in order ... Thanks! – Vince

Great. I am hoping that as you go along, if there are discrepancies between what you find and what was already found by our ORD reviewers (and OPP), those can be flagged to make the best use of time. If you think, at any point, that you

and ORD will have a different position than what is in OPP's human health document, let me know so I can get something on Tom's calendar.

Thanks, Jackie. We have at least one review (epidemiology) completed and are working on others.

I agree with trying to achieve one ORD position. To get there, it is important that Tom sees and hears the perspectives of all ORD reviewers. We will be happy to participate in an ORD-only discussion before getting back to OPP.

Thanks,
Vince

Good morning

Just a reminder that, as NCEA does it review, to please feel free to include or consult Charles Wood and Danelle because of their previous involvement. Because this is in a fast track, it would be good to get one ORD position as you go through your review, so we can get the info. over to OPP as quickly as we can.

Norm and Vince, let me know if you think we need to talk or set up an internal ORD meeting to discuss. OSP will be the point of contact for getting the info. back to OPP, and depending on what the review says, we may need to set up a meeting with Tom beforehand.

Thanks.

Jackie

Subject: UNDER EMBARGO - Glyphosate: EFSA updates toxicological profile

Dear Colleagues,

Today 12 November at 12:00 CET, EFSA will publish a Conclusion on the Peer review on glyphosate and a complementary technical document.
It will be accompanied by a News Story and a non technical summary.

The documents are under embargo until **12:00 CET** when they will be published on our website.
For any further information on the Conclusion, please contact Jose Tarazona (Jose.Tarazona@efsa.europa.eu).
For any further information on the News Story, please contact Simon Terry (simon.terry@efsa.europa.eu).

Best regards,
Djien

The documents are scheduled for publication on **12 November 2015 at 12:00 CET**. They are shared under embargo in advance for your information and not for wider distribution. The documents are shared on a confidential basis in advance of final publication and are therefore not intended to be shared beyond recipients identified in the distribution list above until the final documents are actually published. There is always a possibility that there will be additional changes before the final version is published and that the actual date and/or time of publication, indicated by the embargo, may change. Please note that only the final, published version remains the reference document. The EFSA website should be checked for confirmation of final content and publication. Only documents which are published on EFSA's website can be cited/used.
